8 **Review of Performance**

Revenue

Group revenue for FY2016 was S\$107.4 million, a decrease of S\$9.2 million or 7.9% from FY2015, mainly due to lower revenue from the Trading segment.

Revenue from the Trading segment decreased by S\$10.4 million, or 9.8%, from S\$105.6 million in FY2015 to S\$95.2 million in FY2016. The decrease was mainly due to a shortage of resin supplies in FY2016. Revenue contribution from the Trading segment made up more than 89% of the Group's revenue for FY2016.

Revenue from the Projects segment increased by S\$1.2 million from S\$11.1 million in FY2015 to S\$12.2 million in FY2016. Revenue contribution from the Projects segment made up about 11% of the Group's revenue for FY2016.

Gross profit

Gross profit decreased by S\$0.3 million from S\$10.2 million in FY2015 to S\$9.9 million in FY2016, largely in tandem with the decrease in revenue.

Other income

Other income mainly comprised government grants and refunds of S\$0.2 million and gain on disposal of fixed assets of S\$0.03 million.

Administrative expenses

There was no significant fluctuation in administrative expenses between FY2016 and FY2015.

Finance income

Finance income remained stable at S\$0.6 million for FY2016. It relates to the interest income derived from the available-for-sale debt securities purchased in previous years.

Share of profit of associate and joint venture

The Group's share of results from associate and joint venture decreased by S\$2.7 million from S\$4.2 million in FY2015 to S\$1.5 million in FY2016 due mainly to a gain from disposal of property by the associate recognised in FY2015.

Group profit before tax

Consolidated profit before tax was S\$0.9 million for FY2016 compared to profit before tax of S\$3.3 million reported in FY2015, a decrease of S\$2.4 million. The decrease in consolidated profit before tax was mainly due to the decrease in share of profit of associate and joint venture for S\$2.7 million. This share of profit of associate included a gain of S\$2.8 million on disposal of property recognised in FY2015.

Tax expense

The decrease in tax expense was mainly due to the decrease in profits for the Group and reversal of overprovision in prior years.

Consolidated statement of cash flow

The Group's cash & bank balances increased by S\$5.3 million, or 13.8%, from S\$38.8 million in FY2015 to S\$44.1 million in FY2016.

Net cash flow used in operating activities amounted to S\$1.6 million in FY2016. This was attributable mainly to the decrease in trade and other payables of S\$2.6 million, which was partially offset by the decrease in trade and other receivables of S\$0.6 million and interest received of S\$0.6 million.

Net cash flow from investing activities amounted to S\$2.7 million in FY2016. This was attributable mainly to the dividend income of S\$2.8 million received from an associate, which was partially offset by the purchase of plant and equipment of S\$0.1 million.

There was a net cash inflow in financing activities of S\$4.3 million due mainly to the proceeds from bank borrowings of S\$26.0 million, which was partially offset by the repayment of bank borrowings of S\$21.3 million.

- 9 **Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.**

Not applicable.

10 A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

The trading segment is expected to be affected by the resin market, which is dependent on crude oil prices and supplier allocations. The projects segment, which is the Fire Protection business, is expected to continue to contribute to the Group's profitability. However, the rising labour cost due to tight foreign labour control policy and the higher rental cost will result in higher operating cost. With the uncertain outlook of the global economy, the Group expects its businesses to be challenging for the next financial year. The Group will continue to explore new avenues for growth and acquisitions.
